

Sample Logistics Assistants
Permanent and Temporary Positions Available!
£17,550 per annum

Working hours 37.5 per week, Monday-Friday
Part time considered for the right candidate approx. 20hr Monday- Friday between 8:00 and 18:00
NIHR-National Biosample Centre (“UK Biocentre”), Milton Keynes

The Role

We are looking for Sample Logistics Assistants to join our creative and dynamic team. You should have good organisational skills, be commercially aware, great attention to detail, previous experience with Excel and have good multitasking and problem-solving skills. Ideally with a background or an interest in life sciences/medical research industry.

You may be a recent graduate, or someone who has a couple of years work experience under their belt, but most importantly you are someone with drive and passion to succeed in an organised and methodical way.

As a Sample Logistics Assistant, you will perform a variety of tasks, which includes but is not limited to, manual and automated storage and retrieval of biological samples, goods inward and despatch, sample data management using in house software applications and Microsoft Office.

This role provides an ideal grounding in data management and experience with working with state-of-the-art automated storage systems in supporting work from both the academic and commercial sector. This role provides an exciting opportunity to develop your knowledge within an extremely creative and highly skilled environment.

The Organisation

NIHR-National Biosample Centre (UK Biocentre) was established in Milton Keynes 2015 by the National Institute of Health Research (NIHR) as part of a national infrastructure to support UK Biomedical Sciences in the academic and commercial sector.

UK Biocentre is a wholly owned trading subsidiary of UK Biobank and an established service provider in the field of biomedical research, offering researchers a centre of excellence to support all aspects of sample collection, processing, archiving and analysis in clinical studies.
